When you study Hwa Rang Do you quickly understand that becoming instructor and teacher, after the black sash (Hwa Rang Do 1st dan and Tae Soo Do 2nd dan), is practically mandatory. This is true because of a structural reason: without teaching Hwa Rang Do you cannot really go on with your personal growth in the martial study.

Teaching Hwa Rang Do is one of the most important way to study the Hwa Rang Do itself. Maybe this is difficult to understand for beginners but we have to think about the incredible amount of techniques included in the Hwa Rang Do Syllabus. Alone, without students and followers, without teaching anybody, it's almost impossible to review and study in depth all these techniques and specialties.

Human memory is weak without purpose and Hwa Rang Do practice requires a flexible, powerful and reactive mind and memory. Teaching is a very good purpose.
