Hwa Rang Do® Grandmaster Taejoon Lee (8° dan & President of the World Hwa Rang Do® Association) has arranged an open-to-everybody online platform, **Cyberdojang.com**, that makes available an incredible amount of technical multimedia-material on every aspect of Hwa Rang Do®. This platform gives the possibility to learn Hwa Rang Do® also to the students that cannot train together with Grandmaster Lee.

It's a modern and high-tech approach to the study of a very traditional Martial Art like Hwa Rang Do®. New tools to push an ancient martial practice: this is the future-oriented philosophy of the World Hwa Rang Do® Association.

Some testimonials of enthusiast EU students and members of the **Cyberdojang.com** follow:

"As a Hwa Rang Do student and instructor I know what it means to manage the study not only of the belt curriculum but also all aspects of our vast and beautiful Art. Being able to remember all the techniques, especially the more advanced degree, becomes almost impossible when you have not good notes and teaching aids. By

Cyberdojang.com, our Grandmaster Taejoon Lee wanted to provide not only an easy tool to quickly and clearly access the notes of our curriculum, but also a great tool to help us move forward in our Art maintaining a high technical level and at the same time, assuring a universal standard of the techniques." Instr. G.Catania

"...thanks to **Cyberdojang.com** I got a big lesson. I have learned to see the techniques more in details.

When I thought that I knew a technique and was able to apply it, after watching again the video-lessons, I always found out more details that I did not see before. I realized that I didn't learn the techniques so well..." D.Pizzo

"...**Cyberdojang.com** is fundamental for long distance students like

me. All the material in **Cyberdojang.com** is very precious and detailed. I can see Kuk Sa Nim performing and teaching the techniques, I can see all the possible mistakes I have to avoid and I can see all the details. This allows me to be more clean in my

techniques. All the material in **Cyberdojang.com** is very professional and clear. **Cyberdojang.com** is a huge opportunity for all Hwa Rang Do students but also for other persons that are not WHRDA members..." M. Repetto

"...I'm not a Hwa Rang Do student but I decided to subscribe the **Cyberdojang.com** to study and follow the Master Taejoon Lee's philosophy lessons. I think that having the possibility to see his video-lesson many times is great! His lessons are so full of concepts and teachings that just listening to him one time, maybe in a live lesson, is not enough to really understand..." A. Rossi
